**NEXT MEETING – February 9, 2006 – RUSH STREET GRILL**

## Minutes of the ABCS Meeting for January 12, 2006

Our new President, Paul Kern, opened the meeting by introducing some of our guests, Al and Liz Bauerle, and Chuck and JoAnn Hamilton from Eidson. They are all members of the East Tennessee MG Drivers Club. Also present was a co-worker of Virginia Leamon. There were 22 members present. We had a full house.

Ben Bailey thanked everyone for a great year as our President. He handed out a list of future drives for the year. Ben asked for assistance in planning for the Sycamore Shoals Car Show. He has been doing all the work himself, and now would like help. This is a show we all enjoy and most of you could pitch in and make it more enjoyable.

Herren Floyd reported that he is working on a new Web page, for members only, that will enable us to communicate easier.

Paul Kern introduced Dave Valentine as our program speaker. Dave presented us with a slide show from his recent trip to Russia – Sailing along the Volga River. A 600 miles voyage from Moscow to St. Petersburg. The slides were fantastic, and the narrative very informative.
